

**Feeding Tomorrow's Future Today  
(Weekend Food Program)**

Dear Ossian Elementary parents:

Wells County 4-H is working to help fill the weekend food gap by sending food home with students in the local elementary schools. The grocery bag or backpack will include nutritious food and snacks for the family for the two days of the weekend. These packs will be distributed at the end of the school day on Thursday afternoon or the last day of the school week in the case of holidays. **The first food pack will be distributed on Thursday, Sept. 2 and will continue each week until the end of the school year.** Families may sign up or withdraw at any period of time throughout the school year.

**If your family is interested in participating, please complete the attached application and allergy information sheet.** We will do our best to ensure this program is confidential. Students will not be identified as participating. Students will pick up their pack each Thursday before leaving school. Parents may pick up the packs in the school office after 2:00p.m.; please contact a school counselor to make those arrangements.
