

Back-to-School

Public Health
Prevent. Promote. Protect.

IMMUNIZATION REQUIREMENTS

For 2021-22 School Year

Vaccinations is one of the best way's parents can protect their children from harmful diseases. Vaccine-preventable diseases can be very serious, may require hospitalizations, or even be deadly. Kindergartner's should be vaccinated prior to the start of the school year to assure they are protected. The Wells County Health Department offers childhood vaccines for Medicaid recipients, uninsured individuals, as well as most private insurance carriers. To schedule an appointment, call **260-824-6489**. Please have insurance information available at that time. Should you have questions regarding the above, please do not hesitate to call. Our goal is to make our community a safe place to live and your child's school entrance a positive experience.

Lynn Blevins, LPN
Public Health Nurse
